

Growth Management Grants

Local Government Division

Competitive Grants

GRANT FUNDING

Approximately \$1.2 million is available for the competitive grant category for the 2003-2005 biennium. These grants will be awarded on a competitive basis to jurisdictions that do not have grant amounts reserved for them for the Growth Management Update Grants program this biennium (i.e., jurisdictions whose deadlines for growth management updates are in 2006 or 2007 per RCW 36.70A.130). In addition, jurisdictions that must continue the buildable lands program (per RCW 36.70A.215) are eligible to apply for competitive grants for buildable lands activities only.

Examples of local government planning activities eligible for funding in this category include activities that are required by the GMA, are specifically recommended as high priorities in adopted comprehensive plans, or resolve growth management hearings board orders.

Eligible Recipients

Adams, Asotin, Benton, Chelan, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Grays Harbor, Kittitas, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Spokane, Stevens, Wahkiakum, Walla Walla, Whitman and Yakima counties and the cities within them.

Clark, King, Kitsap, Pierce, Snohomish, and Thurston and the cities within them are eligible to apply for activities directly related to Buildable Lands.

Application Information

Grant materials will be mailed to eligible jurisdictions on September 8, 2003. If you have any questions regarding this grant program, please contact Ike Nwankwo at (360) 725-3056 or iken@cted.wa.gov

Application Deadline

October 31, 2003
